PROFILE

I am a highly efficient, organized, hardworking, software engineering student. I'm finding an area wherever I will implement my skills that I have learnt throughout my whole tutorial course. Seeking for a challenging management position with a progressive and well-known organization, where challenging, opportunity and job satisfaction to build on existing experience.

I am seeking a challenging role where I can contribute my skills in strategic planning, team leadership, and creative problem-solving to achieve business objectives.

WORK EXPERIENCE

UI/UX Designer

MARCH 2025 - MAY 2025

Internship

- Designed user-centric interfaces and interactive prototypes using Figma to improve mobile app usability. Conducted user research and usability testing to inform design decisions, resulting in a more intuitive user flow and a 20% increase in task completion rates. Collaborated closely with developers to ensure accurate implementation of design specifications.

Amazon Seller Central Specialist

January 2026 - Present

Job

- Manage daily operations on Amazon Seller Central, including product listing optimization, inventory management, and order fulfillment. Implement SEO-driven keyword strategies and A+ Content to enhance product visibility and drive sales. Analyze performance data to adjust PPC campaigns and maintain high account health and customer satisfaction.
